2018 HERB CATALOG

WHO WE ARE

Welcome to the Sonoma County Herb Exchange. We invite you to celebrate the seasonality of herb growing with us! We are a locally-focused clearinghouse, supplied by a diverse network of dedicated herb growers from Sonoma County and adjoining regions of northern California. This allows us to offer you a broad availability of fresh herbs throughout the year.

Our growers share our dedication to sustainable, ecologically friendly growing practices. All follow organic methods; some are certified and some are not. Please specify if you require certified organic herbs. We specialize in fresh, hand-harvested, top quality, whole herbs and roots, often harvested the day we sell them. Our prices reflect the costs of small-scale, attentive, non-mechanized farming. We think you'll agree that there is good value in supporting sustainable agriculture and small, dedicated growers.

We welcome your comments and suggestions, as well as referrals to prospective buyers and growers.

CHINESE HERBS

We continue to expand our selection of Chinese herbs; you can distinguish them by their Pinyin designations in the catalog. We are pleased to be a forerunner in the emerging market for Chinese botanicals in the U.S.

DRY HERBS

Dry herbs are available seasonally. See the last pages of the catalog.

ORDERING

Our pick-up days are Tuesday afternoons at Laguna Farm (1764 Cooper Rd.) in Sebastopol. We ask that your order total a minimum of two pounds, one half pound minimum per fresh plant request. Please call or email your order by the Wednesday preceding your Tuesday pick-up. Payment (cash or check) is due when you pick up your herbs. Shipping is generally available with an additional handling charge.

Please check the availability column in the catalog to make sure the fresh herb you want is in season! Note that weather and other variables may affect availability, so use this information as a guideline only. Sometimes backorders will be necessary. Prices are subject to change.

If you don't see what you want here, please ask. If one part of an herb is listed, chances are we will be able to provide another. For example, if an herb is listed as "whole plant," you may be able to purchase roots and leaves separately. Also, medicinal potency changes as plants mature - please specify your preferences.

VOLUME PRICING

We may be able to offer volume discounts for some herbs at quantities of 5 pounds or more. Please inquire.

HERB HIGHLIGHTS ONLINE

In addition to this catalog we send periodic e-mailings that feature specials and provide current information about availability. Let us know your email address if you would like to receive these updates.

All of our growers are members of the **Sonoma County Herb Association**. For more information about SCHA, please call 707-861-0336 or visit our website at www.sonomaherbs.org where you can also view this catalog.

Please use all herbs in a responsible and knowledgeable manner. Consult with a health care practitioner if using for medical purposes.
